FOR 1952

A Year at Neville

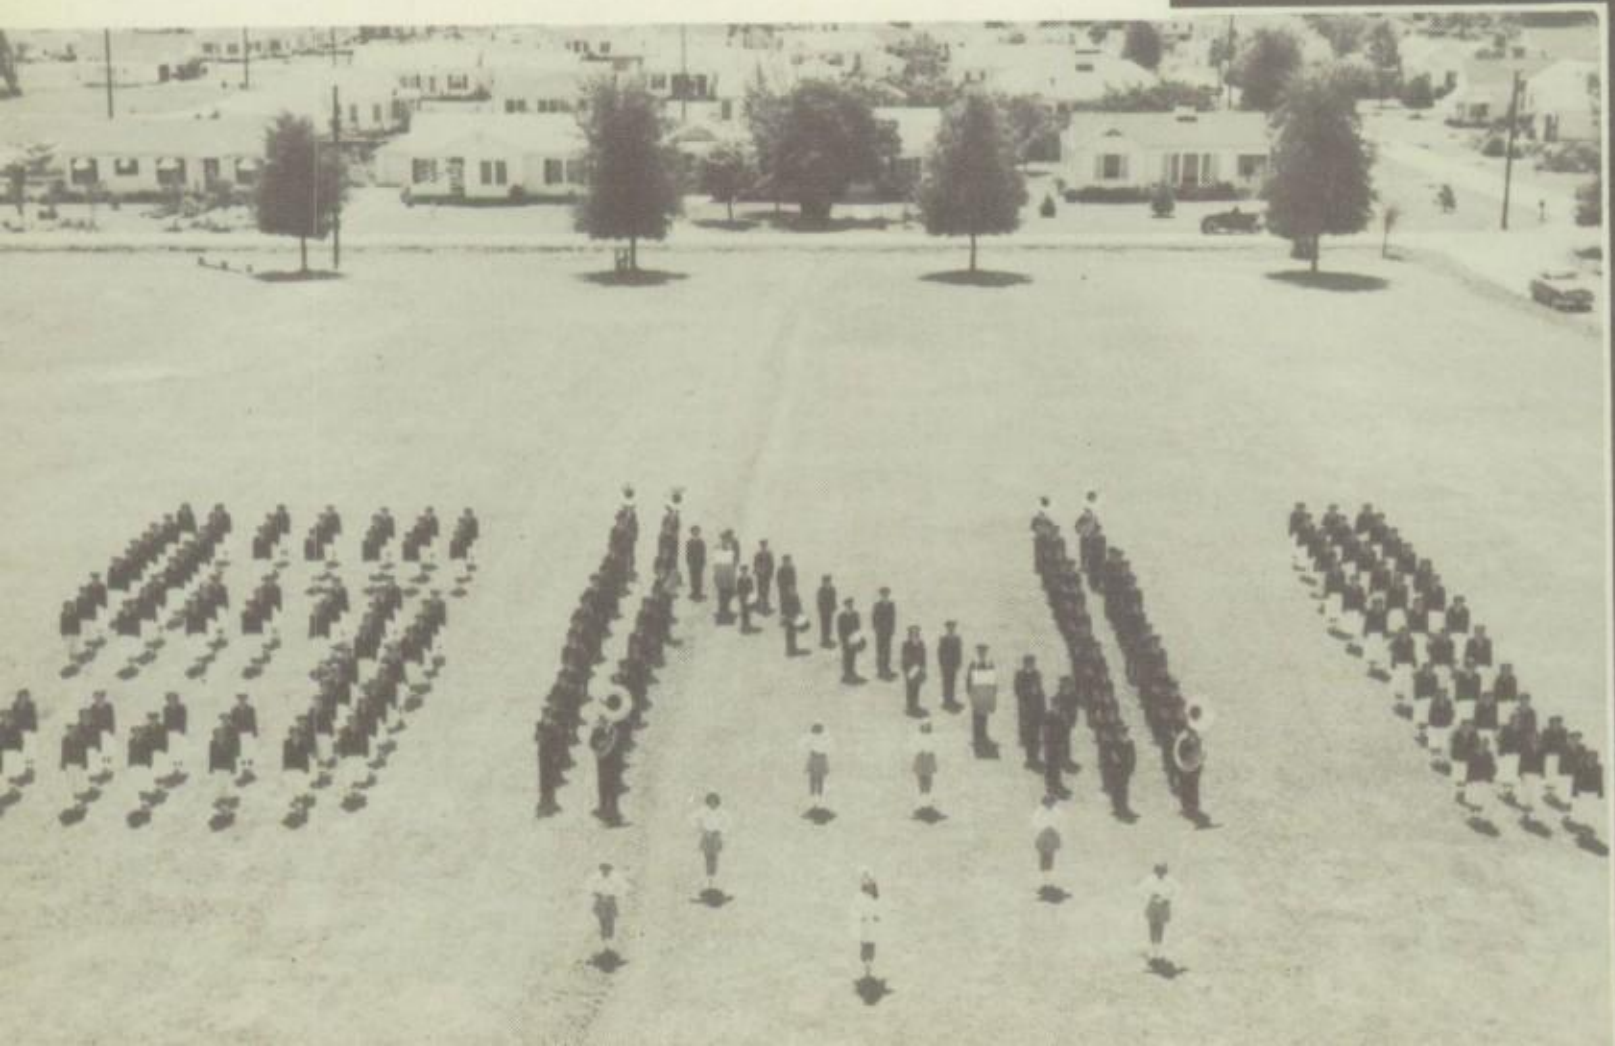
A yearbook should tell the story of a year's activities. This is what the *1952 Monroyan* attempts to do. It depicts classmates and teachers, classrooms and the extra-curricula, and does its best to give proper emphasis to every phase of the school program.

Art at Neville is a popular and interesting subject. Taught by Miss Vera Dowling, above, and by W. C. Carpenter, City school Elementary art supervisor, organized art classes like the one above attract many talented students.

ART AND

ATHLETICS

Organized athletics play a large part in life at Neville just as in other high schools. City school athletic and physical education programs are under the direction of W. A. Ruple.



Teachers at work in the Neville Mathematics department.

Above: Lawrence Willey aids George Fatheree and David Wadsworth.

Right: D. W. Griffith teaches one of his junior high math classes.

MATH

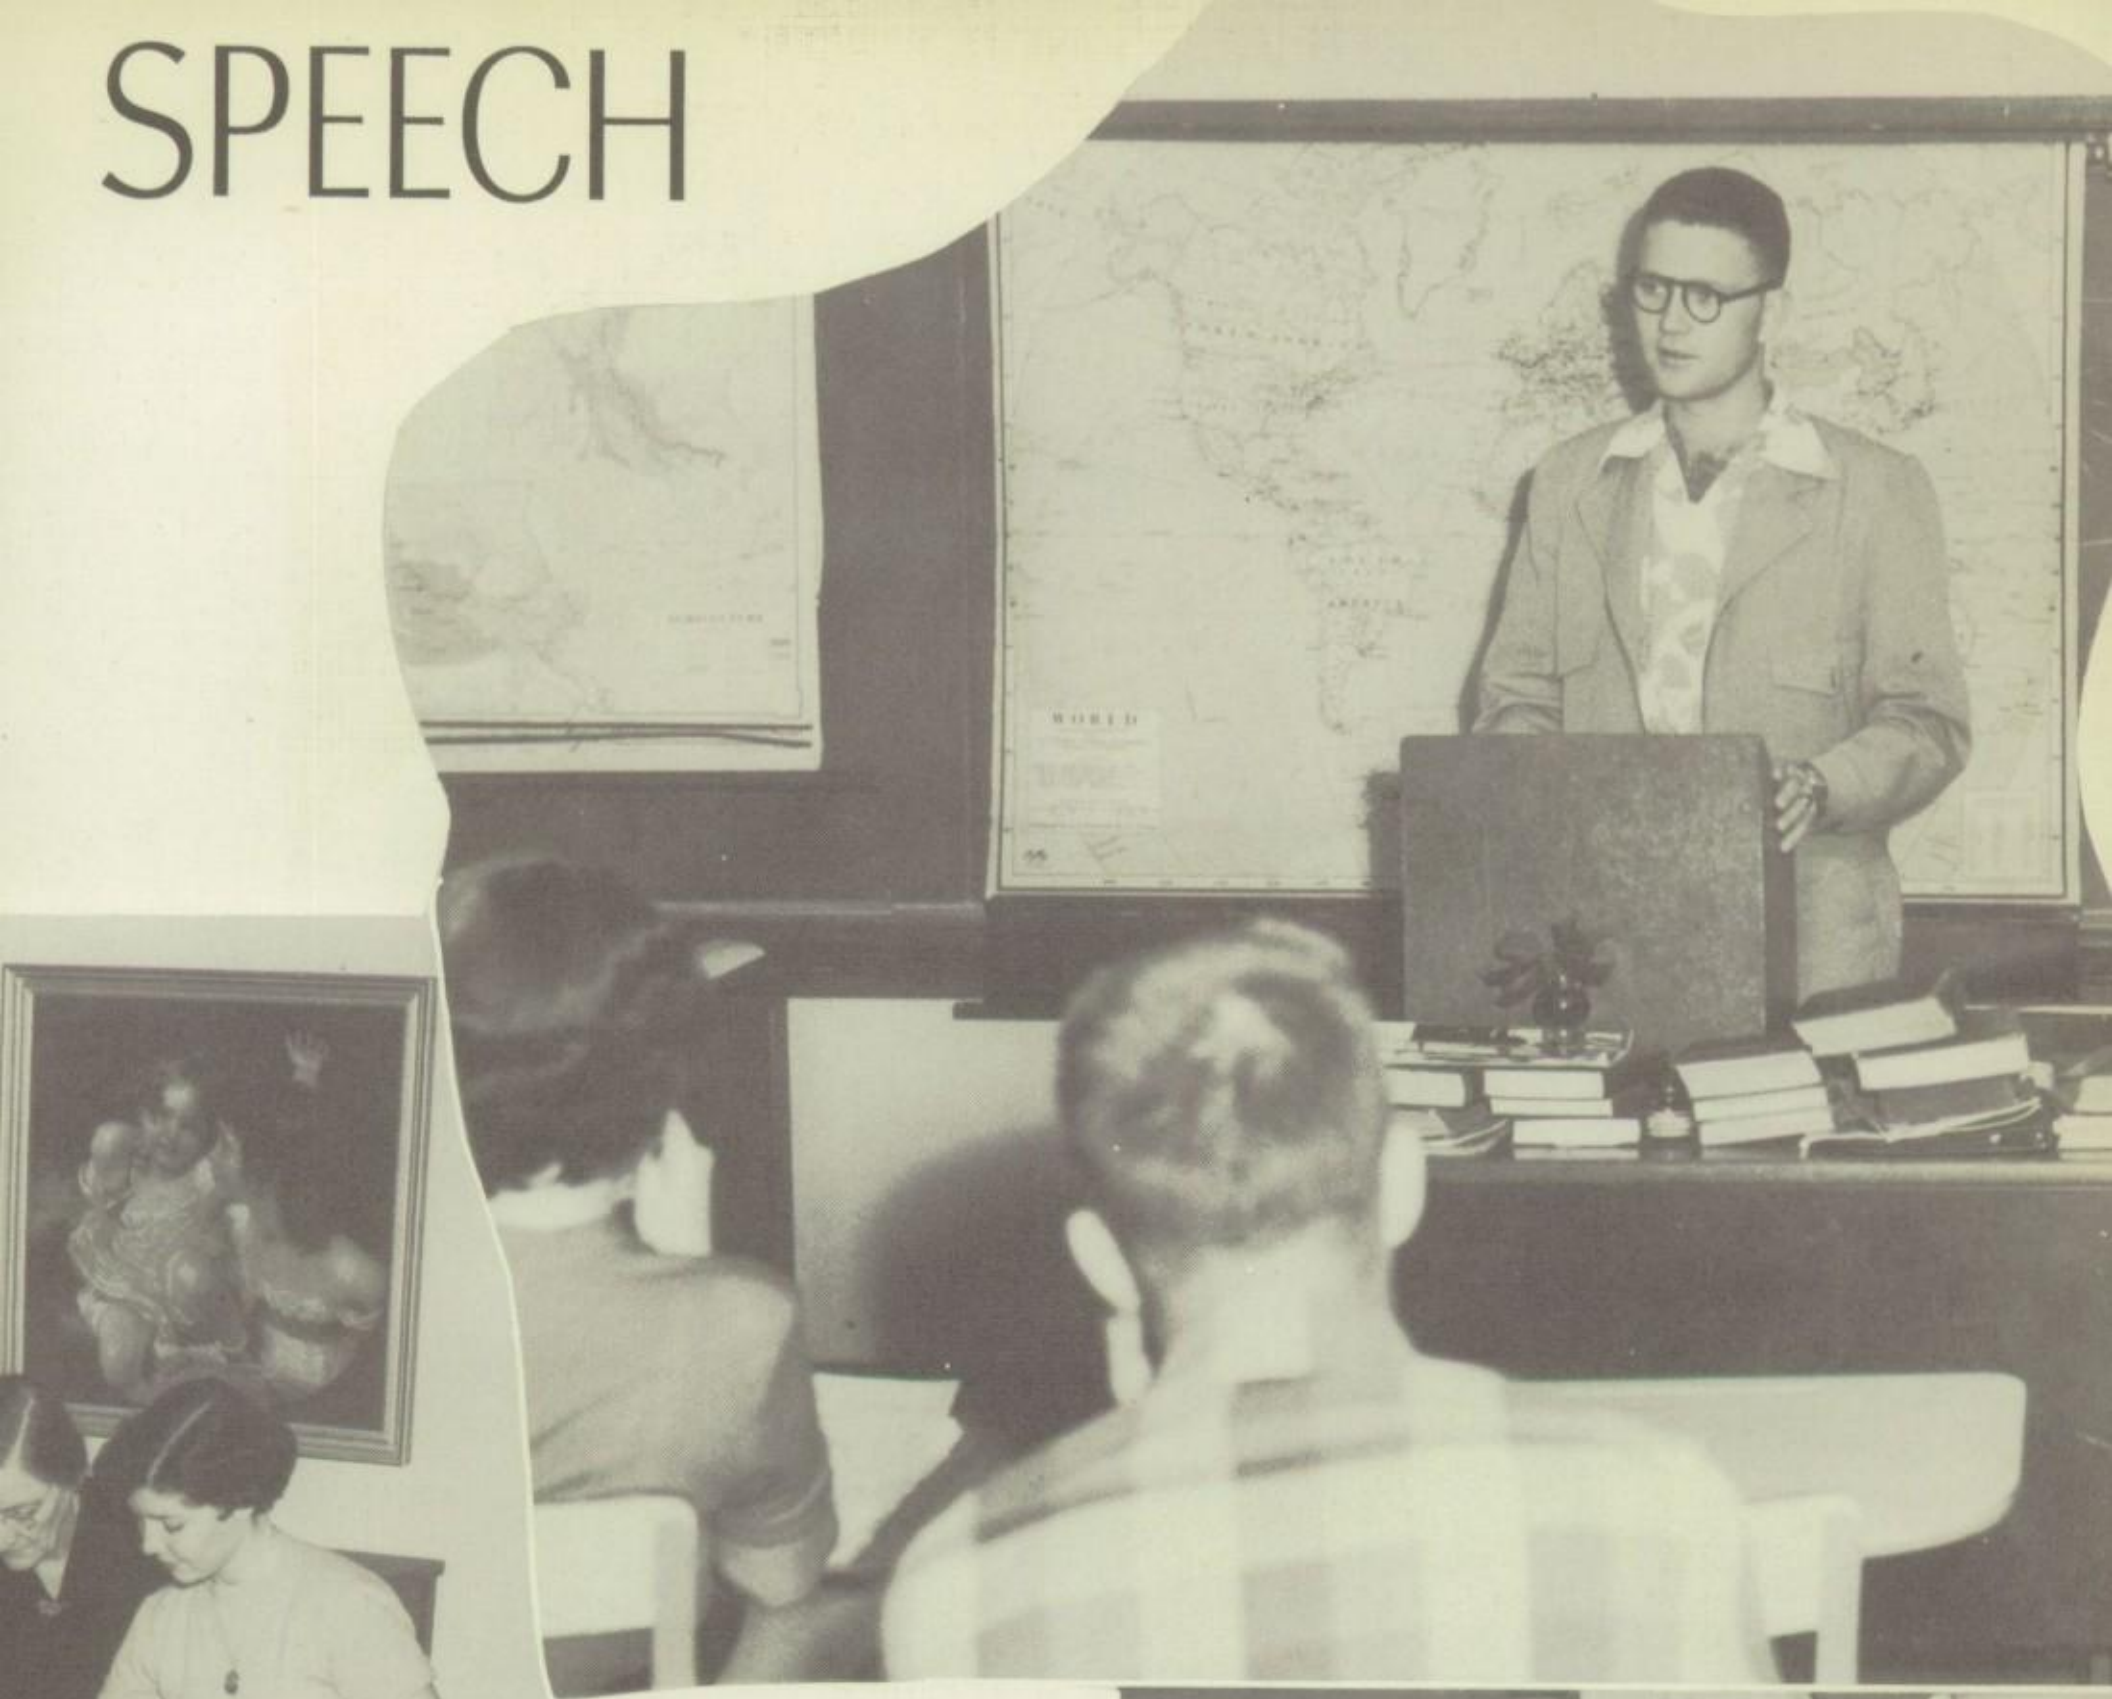
SCIENCE

A. E. Culpepper, of the high school science department, explains a laboratory technique to Perry Lassiter, while George Luffey, now in the armed forces, is with a group of his pupils at the aquarium.

Above: The Future Homemakers serve a tea.
Right: Miss Sara Bres explains patterns and their use in Home Economics Classes.
Below: Cooking is a popular class at Neville.

HOME

SPEECH



ECONOMICS

Top Right: John Lacy, speech teacher for the first semester (now replaced since his resignation by Glen Wiley) explains speech techniques.

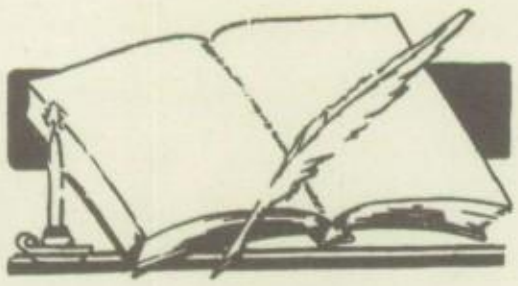
Lower Right: Katharine Guerriero 'checks the roast'.

ENGLISH

Miss Mary Hester has an outstanding record in the improvement of Grammar among the students at Neville. Graduates frequently say that it was Miss Hester who made college English easy.

COMMERCE

Commerce has been a popular subject through the years. Typing, Bookkeeping, Shorthand, and a business machines course make up the subject work that is taught by Miss Harriet Boyle, who teaches the greater part of the Commerce work, and Frank Francis, who divides his time between teaching at Neville and working in the School Board office.



SHOP

John Pennington, who has made tremendous strides in developing an industrial arts department, is shown pointing out tecnique on the lathe to one of his students.

For centuries the library has been the mark of cultured peoples. Neville is proud of its library under the direction of Miss Genevra Washburn.

LIBRARY

MUSIC

John W. Davis, Music Director at Neville, is shown at the right with the representatives from his choir selected for the All-State Chorus. They are Lloydell Walters, Perry Lassiter, Elizabeth Cretney and Jack Hicks. Pictured below is the entire senior high chorus.

SOCIAL STUDIES

Leon L. Marx, who teaches Senior American History, is shown with his class.

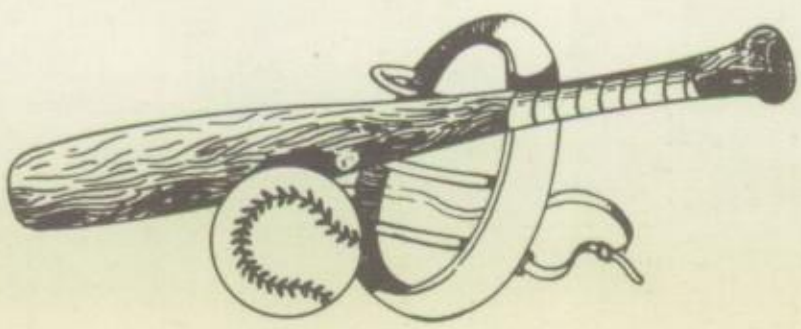
CHEERLEADERS

CHEERLEADERS FOR 1951–52. Left to right, Barbara Barker, Katharine Guerriero, Jane Underwood, and Dolores Wallace.

The cheerleaders of any school make up an important factor in building school spirit. At Neville, the cheerleaders, elected by the student body by popular vote, have made for themselves a unique place in student life. They are always ready and available to support school activities.



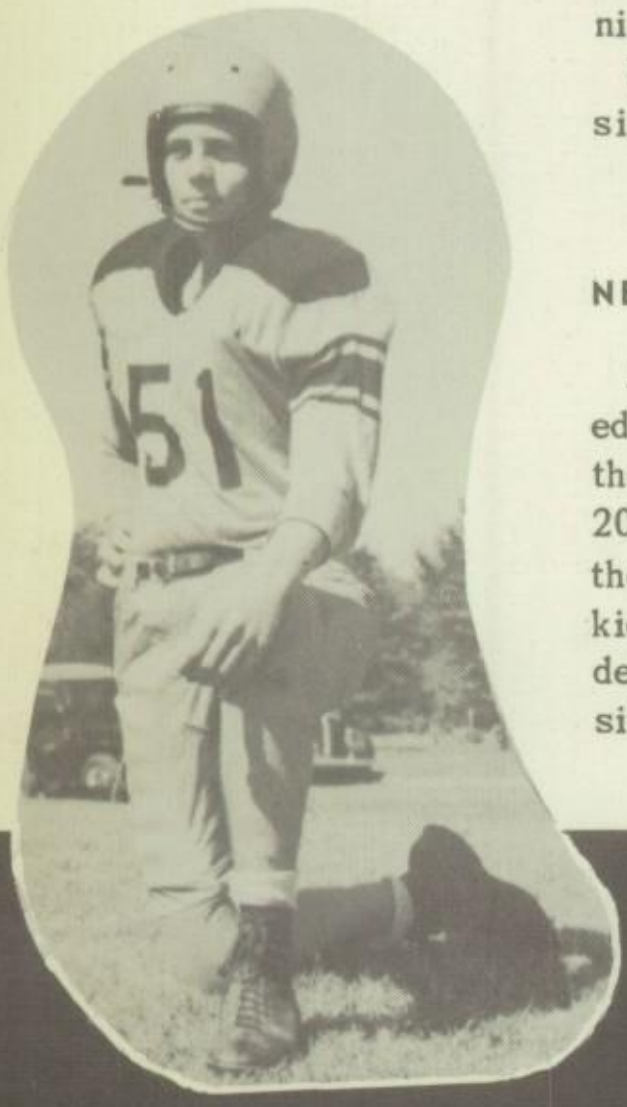
Gridiron Season

Resume by Perry Lassiter

Neville's 1951 football season is the record of one of the lightest and most inexperienced teams playing one of the toughest schedules in the history of the school. The Tigers played five AA teams and five conference teams, winning five and losing five.

Four of the losses were to AA teams, and the single conference loss was to Ruston.

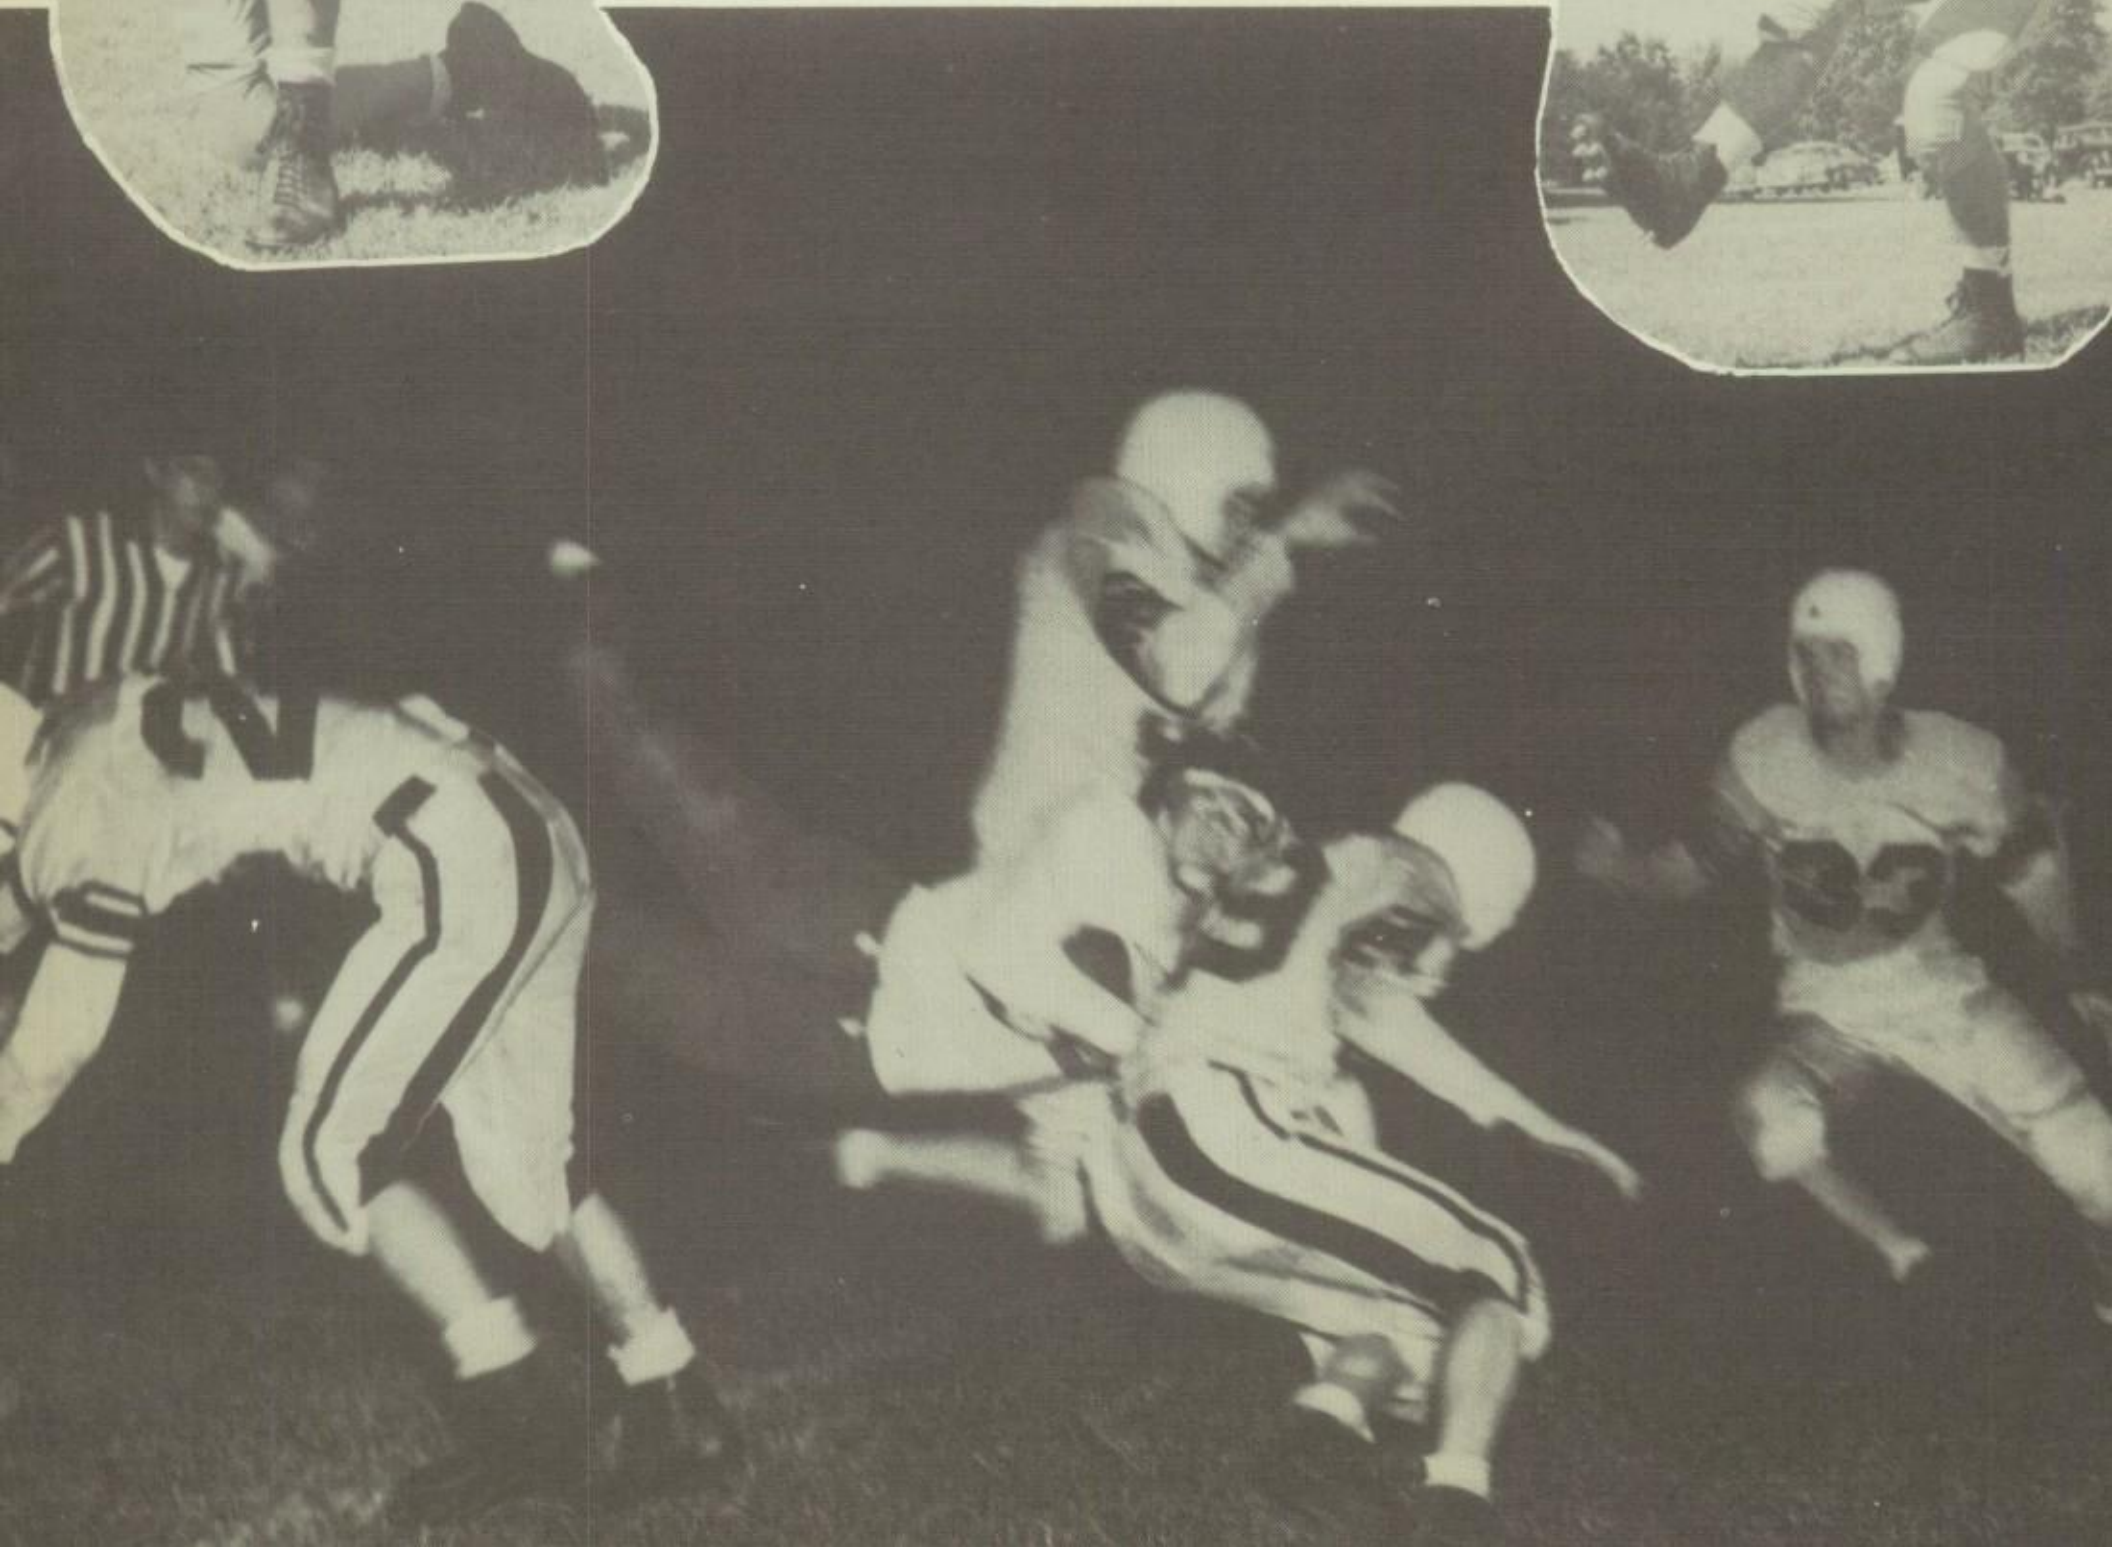
Bobby Shafto
Tackle



NEVILLE 7; BOLTON 0

An upset over AA Bolton of Alexandria opened the season for the Tigers. Tommy Leos made the first touchdown of the year, scoring on a 20–yard pass from Sidney Fuller, which he ran the remaining 22 yards to paydirt. Leland Sims kicked the point. Ken Abington, a junior and defensive left end, was the outstanding defensive player of the game.

Fred Seiler
Tackle



Leland Sims
Captain, *Guard*

NEVILLE 6; NATCHEZ 14

The Natches Rebels journeyed to Monroe the next week to hand the Tigers their first defeat of the season, 14–6. Neville's lone score came in the first quarter when Miles Miller returned an intercepted pass 65 yards for the touchdown.

Tommy Leos
Co-Captain, *Back*

The Tigers' defense got a good workout in this game since the Rebels seemed to find no trouble in beginning long drives, and Neville stopped all of these but the two TD drives.

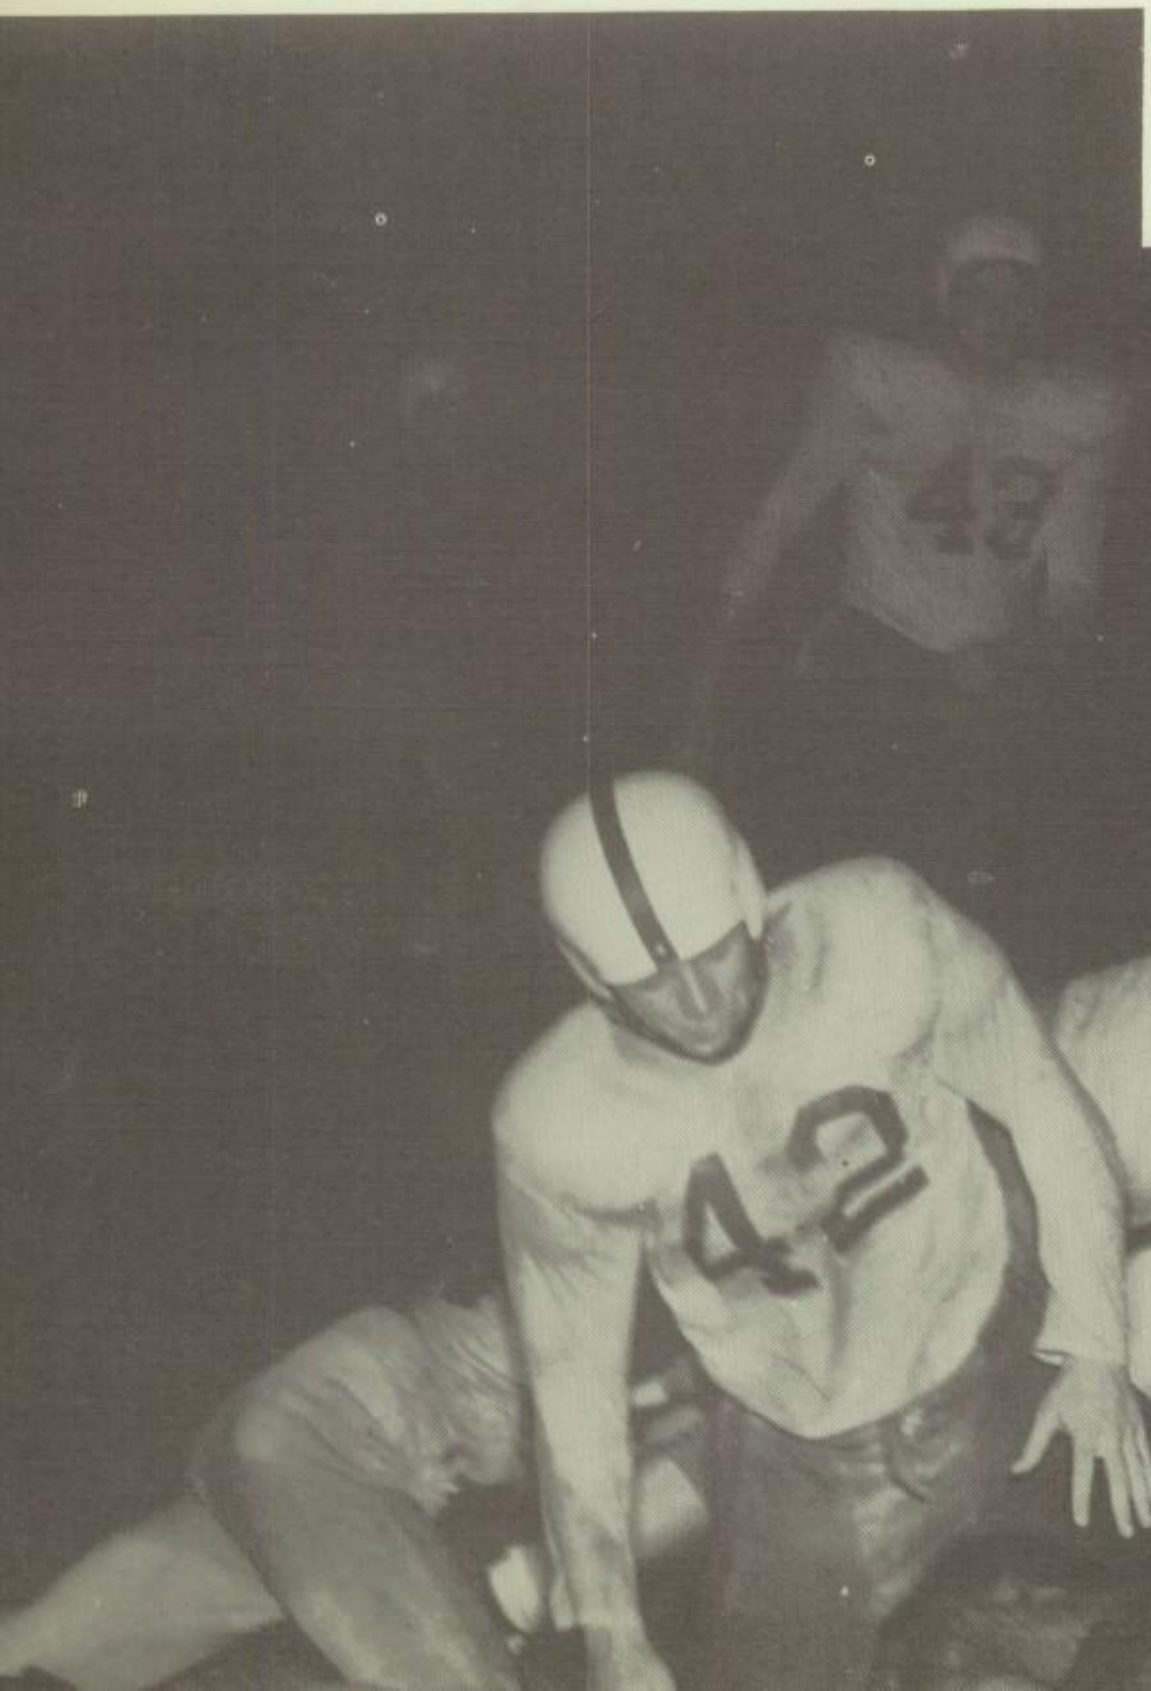
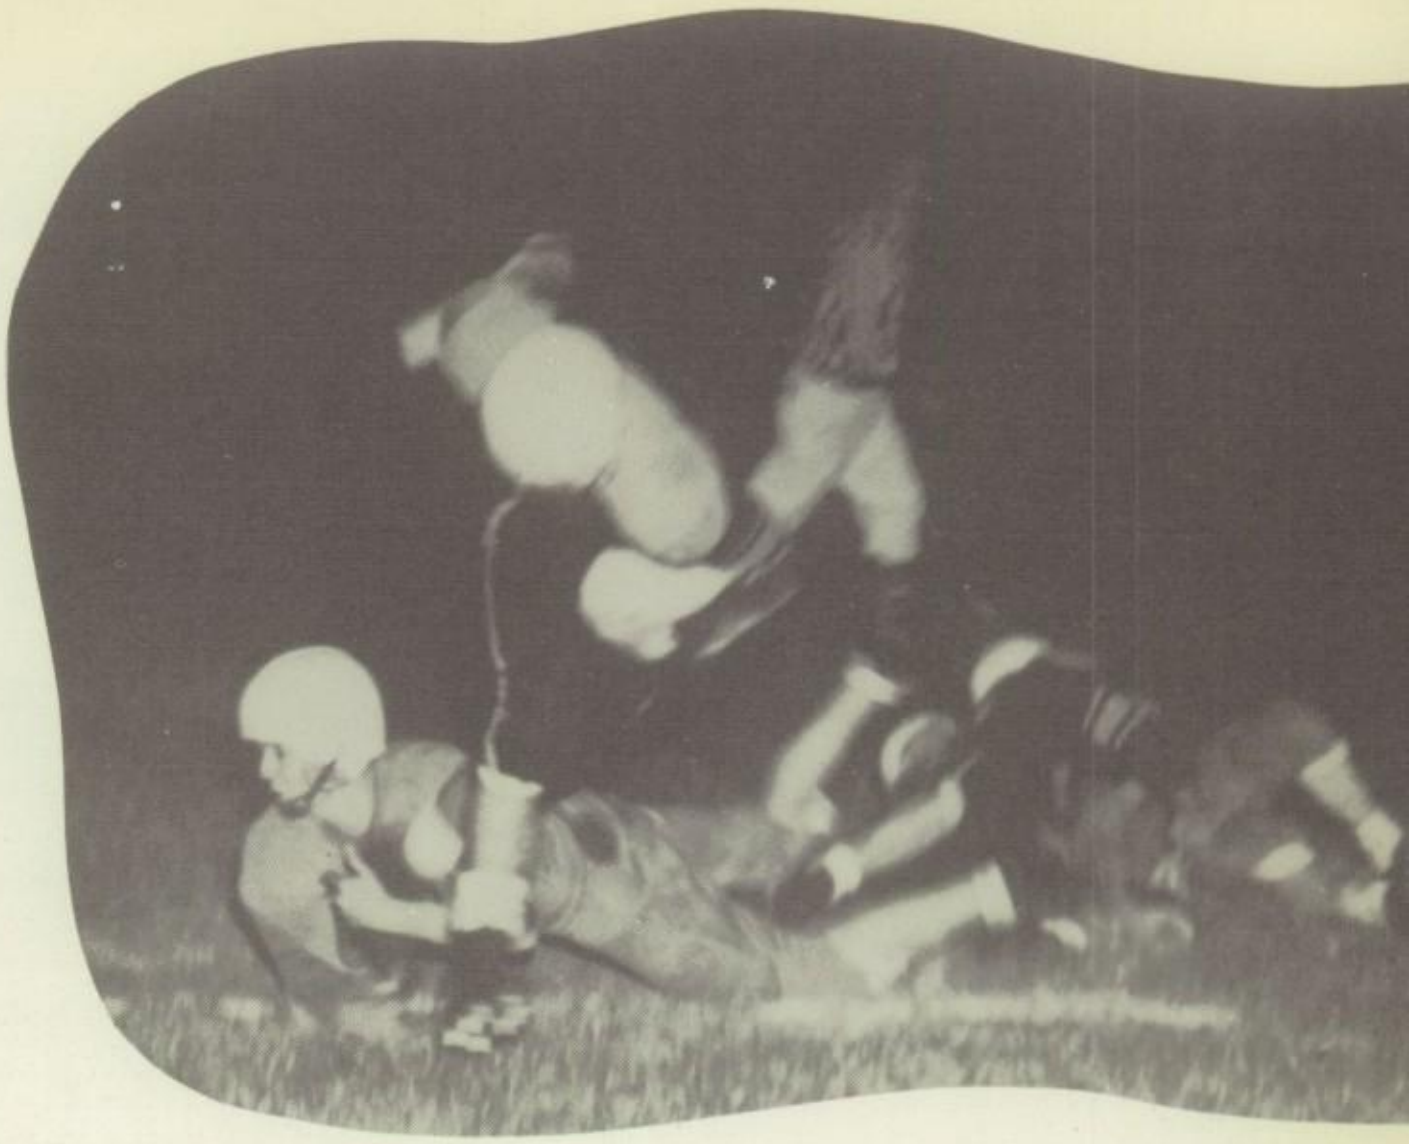
NEVILLE 32; HOMER 0

Homer was the next team defeated by the Tigers in what was perhaps the most impressive game of the season for Neville.

Jimmy Dennis scored twice, with Leos, Millei and Portman getting to paydirt once each.



Jerry McWilliams
Back



NEVILLE 13; RAYVILLE 6

Rayville fell victim to the fast rising Tigers the next week when the Monroe eleven upset the Hornets, 13–6. The first Neville score was the result of a Fuller to Abington pass for a total of 37 yards. Tommy Leos made the other touchdown, his fourth of the season, on a three yard plunge to clinch the Neville victory. This was the biggest upset of the season for the Bengals since Rayville, with one of the strongest teams in years, was pointing for the district title. It was the only game they lost in district play.

NEVILLE 0; HAYNESVILLE 7

Neville journeyed to Haynesville the next week to drop the second game of the season to the Golden Tornado, 7–0. The Tigers only once were able to penetrate past the AA team's ten, and then they were stopped before they could score. The rest of the game was a see-saw battle after the score, with neither team able to score an advantage.

Sidney Fuller
Back

Phillip Thornton
Guard

NEVILLE 41; FARMERVILLE 14

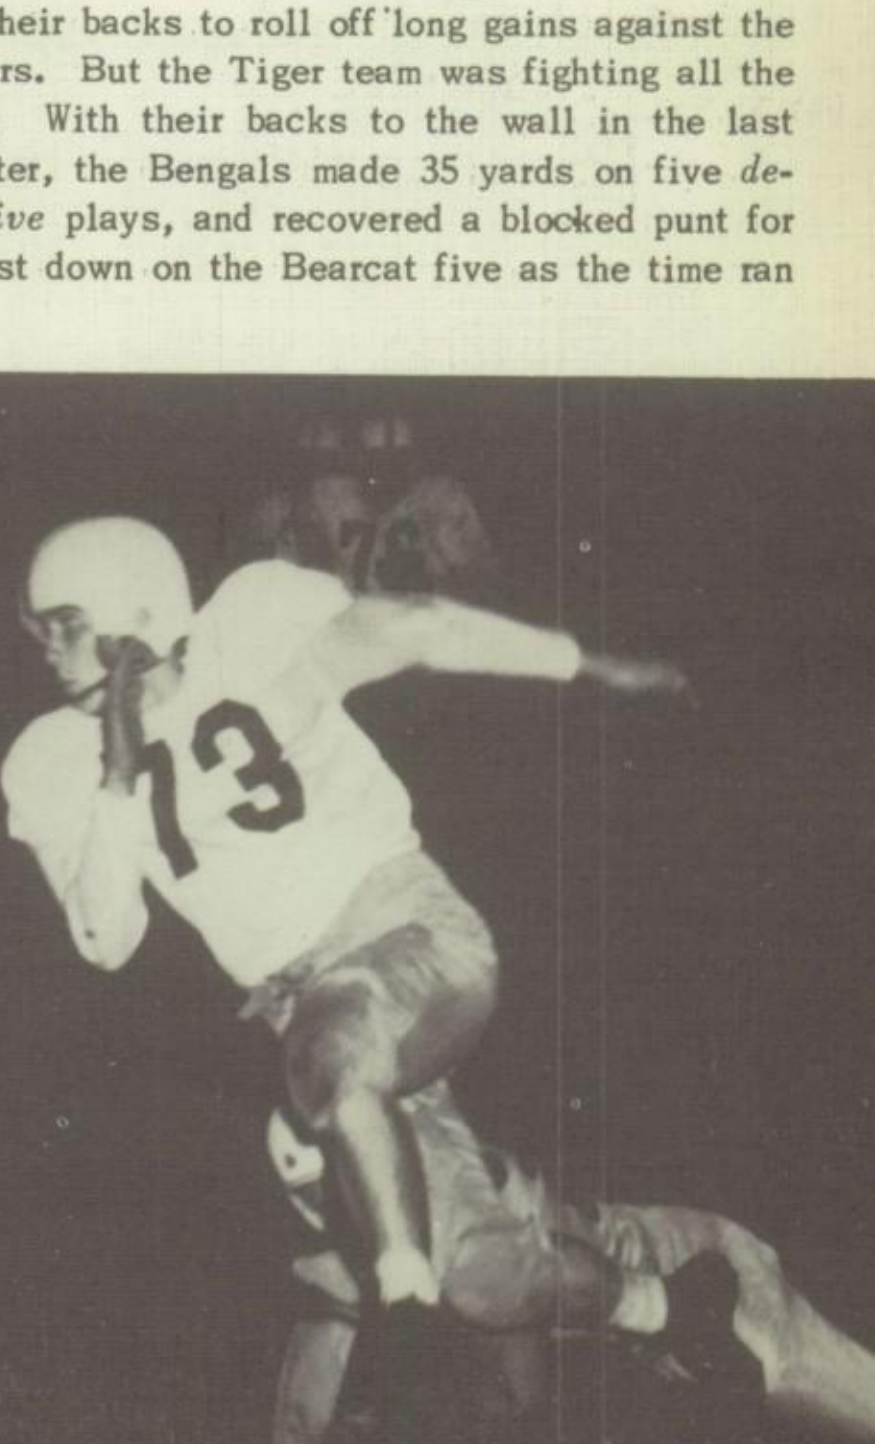
Neville won its third straight conference game by whipping the Farmerville squad, 41–14. The Farmers displayed a surprising passing attack which netted them over 200 yards, but they were not able to gain on the ground. Dicky Cotton and Sidney Fuller were the outstanding players for the Bengals in this game, both scoring two of the touchdowns and playing outstanding defensive ball. Johnny Wendell and Skippy Portman made the remaining tallies for Neville. Fred Seiler made five extra points.

Max Mayes
End

Guy Gannaway
Guard

NEVILLE 0; RUSTON 19

Ruston wrote *finis* to the Tigers' hopes of a championship by trouncing the stubborn Monroe team, 19–0. One of the most powerful lines in the state was able, time and again, to open holes for their backs to roll off long gains against the Tigers. But the Tiger team was fighting all the way. With their backs to the wall in the last quarter, the Bengals made 35 yards on five *defensive* plays, and recovered a blocked punt for a first down on the Bearcat five as the time ran out.



NEVILLE 0; BATON ROUGE 19

Nineteen to zero was again the score as the Bulldogs from Baton Rouge High defeated the Bengals in a hard fought game. Students who travelled to the state capitol with the team will never forget the cold snap that hit so unexpectedly and caught them with insufficient winter clothing.

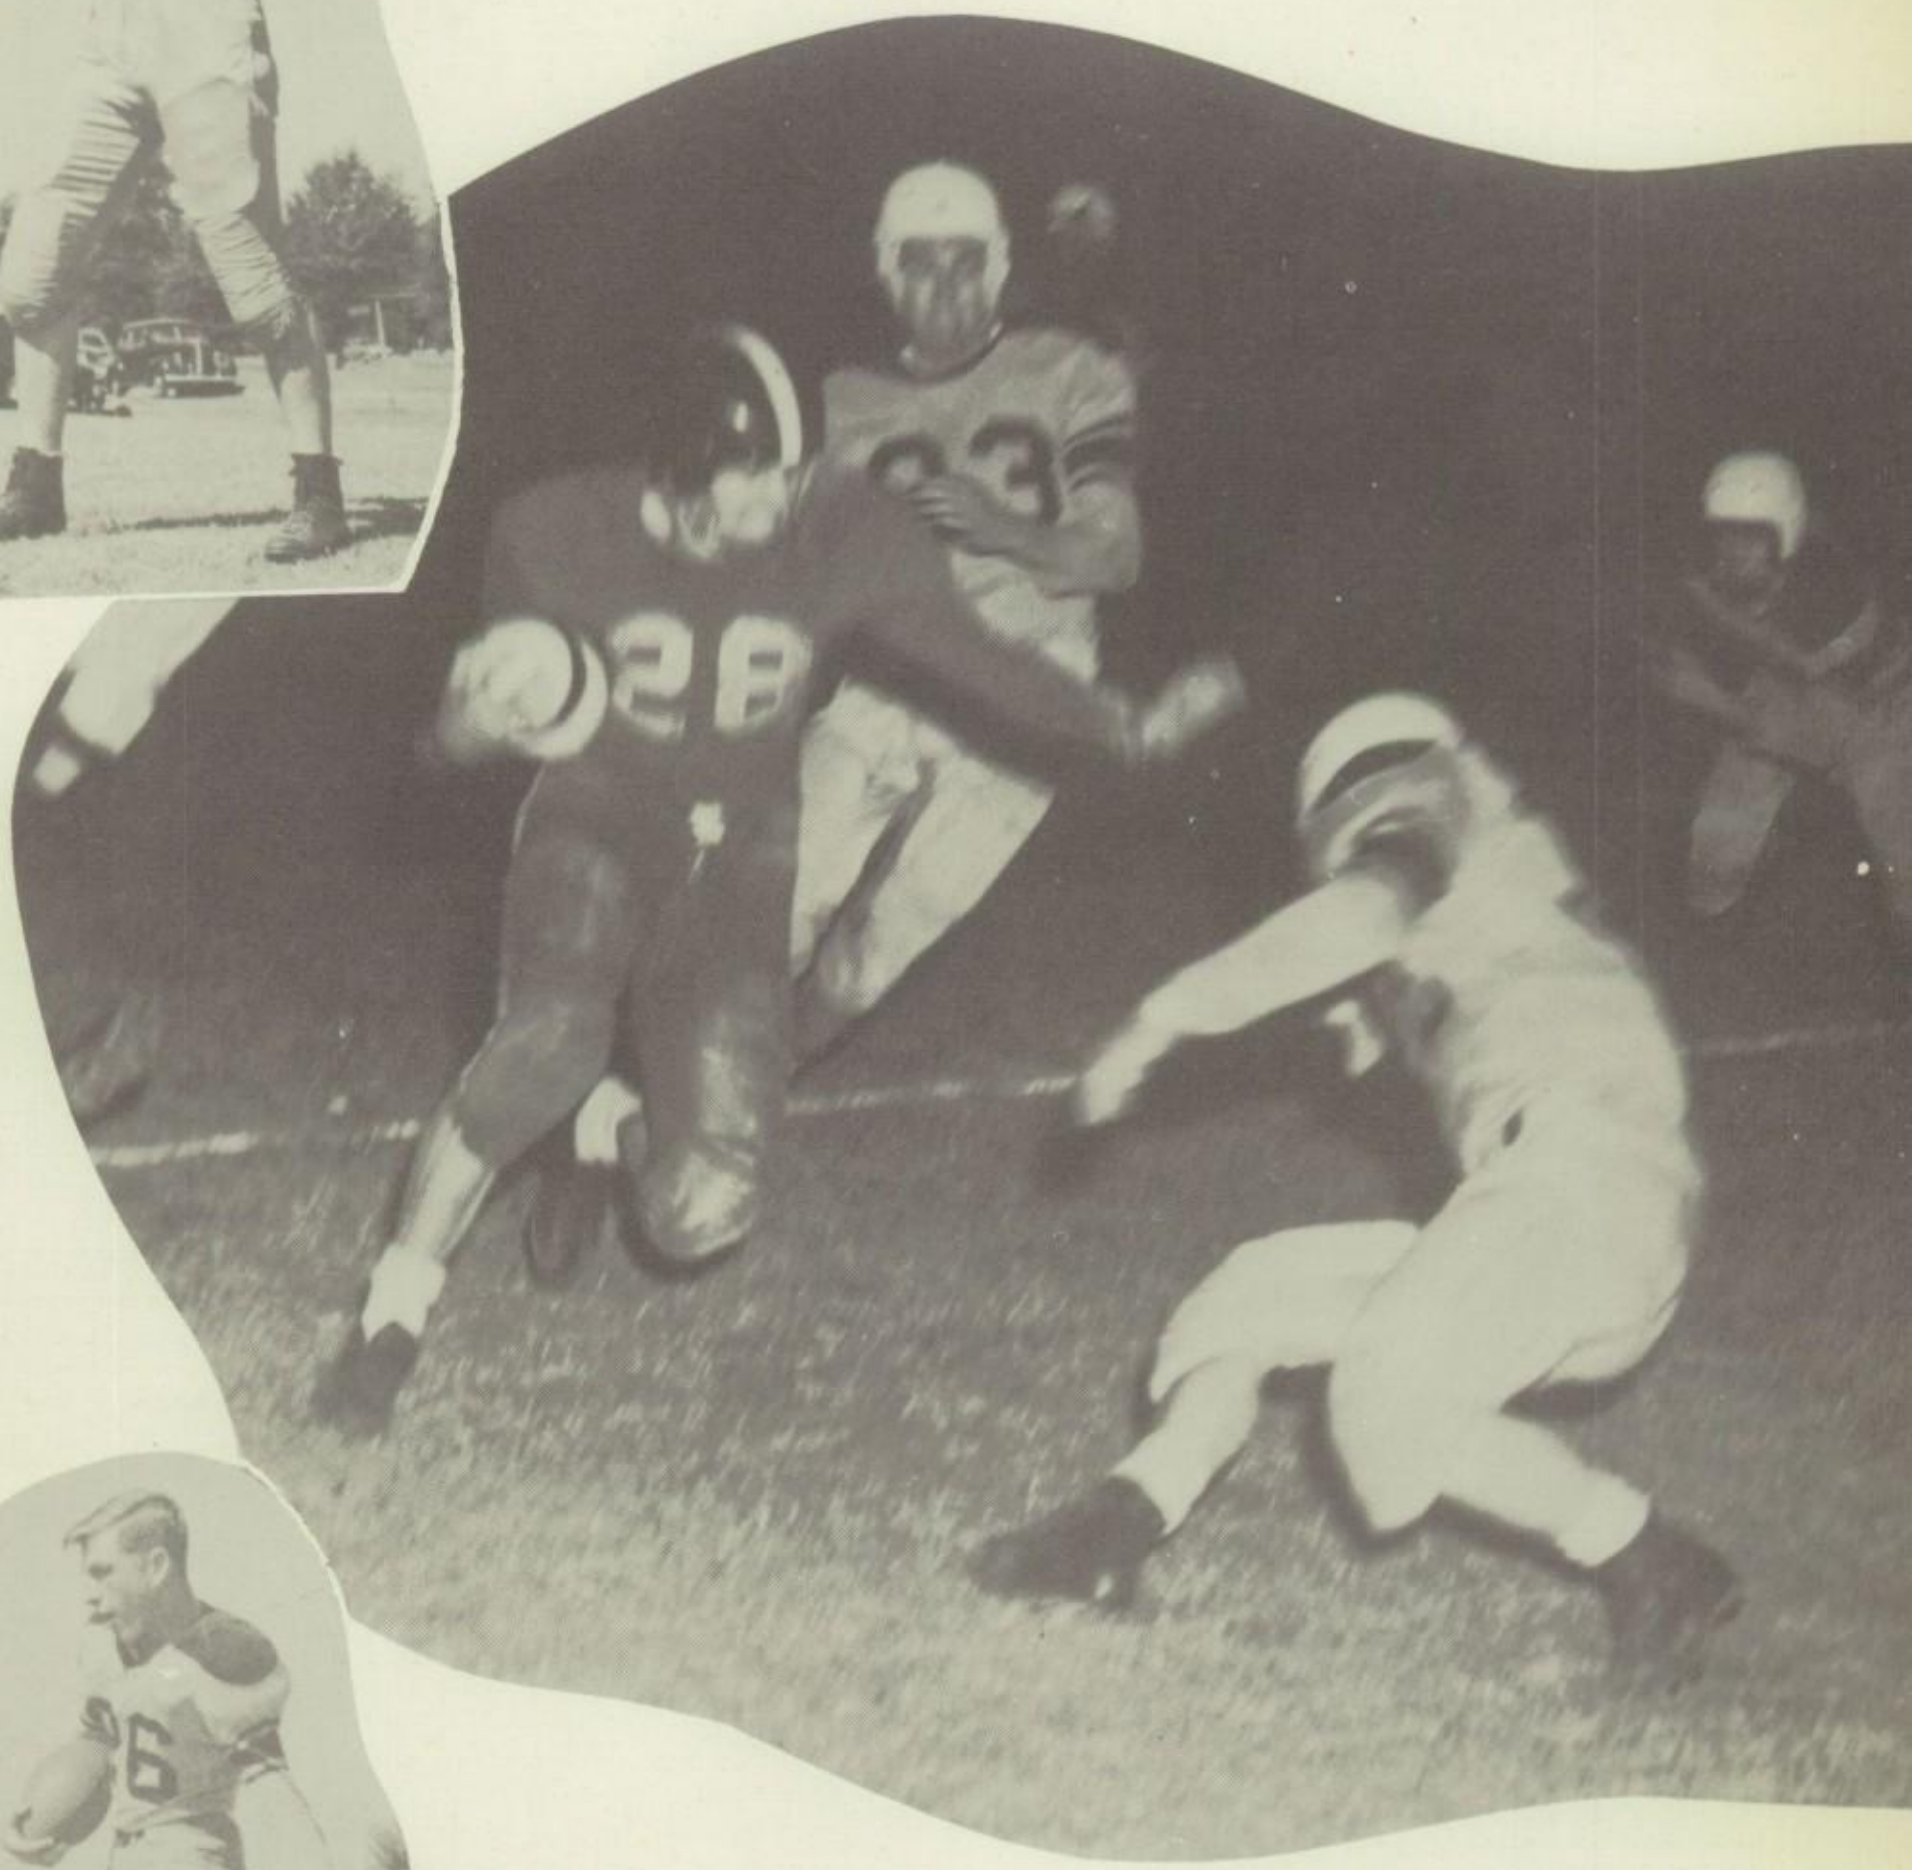
NEVILLE 6; FAIR PARK 53

Fair Park who later went on to win the North Louisiana AA championship, handed Neville its worst defeat in several years, 53–6. The Tigers' lone TD came after Jimmy Dennis set it up with a 40 yard run. Sidney Fuller scored through a perfect opening on a quarterback sneak.



Jimmy Dennis

NEVILLE 7; BASTROP 6

To close the 1951 season, the Tigers defeated the Bastrop Rams, 7–6 at Neville stadium. In spite of the close score, Neville was greatly superior to Bastrop in the statistics department, making 11 first downs to five, and 216 yards on the ground to 149.

Year Book Staff

THE MONROYAN STAFF, pictured above, is primarily responsible for the publication of this yearbook. But the picture is incomplete. It does not begin to show all of those who contributed a share. Representatives from 26 homerooms served on the business staff, collecting money and selling classmates yearbooks to make this venture financially possible. Johnny Clay, who took the above picture, made almost every picture in the book from start to finish. Lela Bess Kite is responsible for the organization and copy of all class pictures. Sammy Danna did most of the work in business organization, and Joel Sugar sold a greater part of the advertising than anyone else, almost more than the entire remainder of the advertising crew combined. The sponsor, Mr. Marx, set all of the type and pasted up all copy for the printing. Everyone contributed to the yearbook's production, some greater than others. But it is hoped by the entire staff that the book, which is the largest ever attempted, meets the satisfaction of all.

The Sizzler

FOR THE GOOD OF THE SCHOOL

SIZZLER STAFF: Members of the first Journalism Class at Neville, Front Row, left to right, Katie Delarot, Terri Tidwell, Lela Bess Kite, Charlene Menard, Betty Shirah, Barbara Breckenridge, Ann Branch. Second row, Mickey Clay, Perry Lassiter, Roslyn Lubel, Barbara Browman, Anna Mary Johnson, Bettye Bamford, and Martha Jane Oden. Standing, Jack Hicks, Sam Danna, Charles Cobb, and Tommy Boyles. Staff Photographer Johnny Clay took the picture. Pictured below are Terri, Ann, Sammy, and Barbara who served as temporary editors, and Anna Mary, who became permanent editor for the year.

THE JUNIOR HIGH PROGRAM

The Junior High participates in all of the major activities in the physical education classes and organized athletics.

Athletics in the seventh and eighth grades provide a continuation for the program of developing athletes in the grammar grades, and this program leads directly into the high school program.

OUR LEADERS-TO-BE

In the not-too-distant future, many of you will be leaders in your communities — in society, church, business, government. This leadership will be a distinct honor and a challege to your intelligence and ability.

But, don't forget that leadership also brings an important obligation: FAIR CONSIDERATION AND REPRESENTATION FOR THOSE YOU LEAD. Only if you succeed in this can our nation continue to lead the world as a land of freedom for all of us.

New Horizons

in fine yearbook production

Each year new ideas and plans come into being, and we, with 27 years of experience, have taken a front seat in the annual producing field. Three types of printing yearbooks are manufactured — letterpress, litho offset, and a new creation this year, a combination of the two.

We feel sure that this latter process is going to prove very popular in the future, as it gives the staff advantage of using both printing processes to their fullest extent.

A development that has been improved each year is our proof service. We have been a leader in the movement to produce error-free annuals, and page proofs are sent for checking before any page is sent to press. Since haste becomes a reality when staffs begin preparing their copy, the sending of proofs has proved to be the answer.
